Parents do make a difference!

Dear Parents,

Your child's summer holiday homework has been uploaded on the school's website.

The purpose of holiday homework is to reinforce learning and help the students practise essential skills being taught at school. Parental involvement can enhance a child's learning manifold.

The homework is based on the following:

- Knowledge and Understanding of the World (KUW)
- English
- Mathematics
- Urdu (Pre-Reception and Reception)
- Storytelling
- Reading (Pre-Reception and Reception)
- Talk About Cards
- Physical Activity

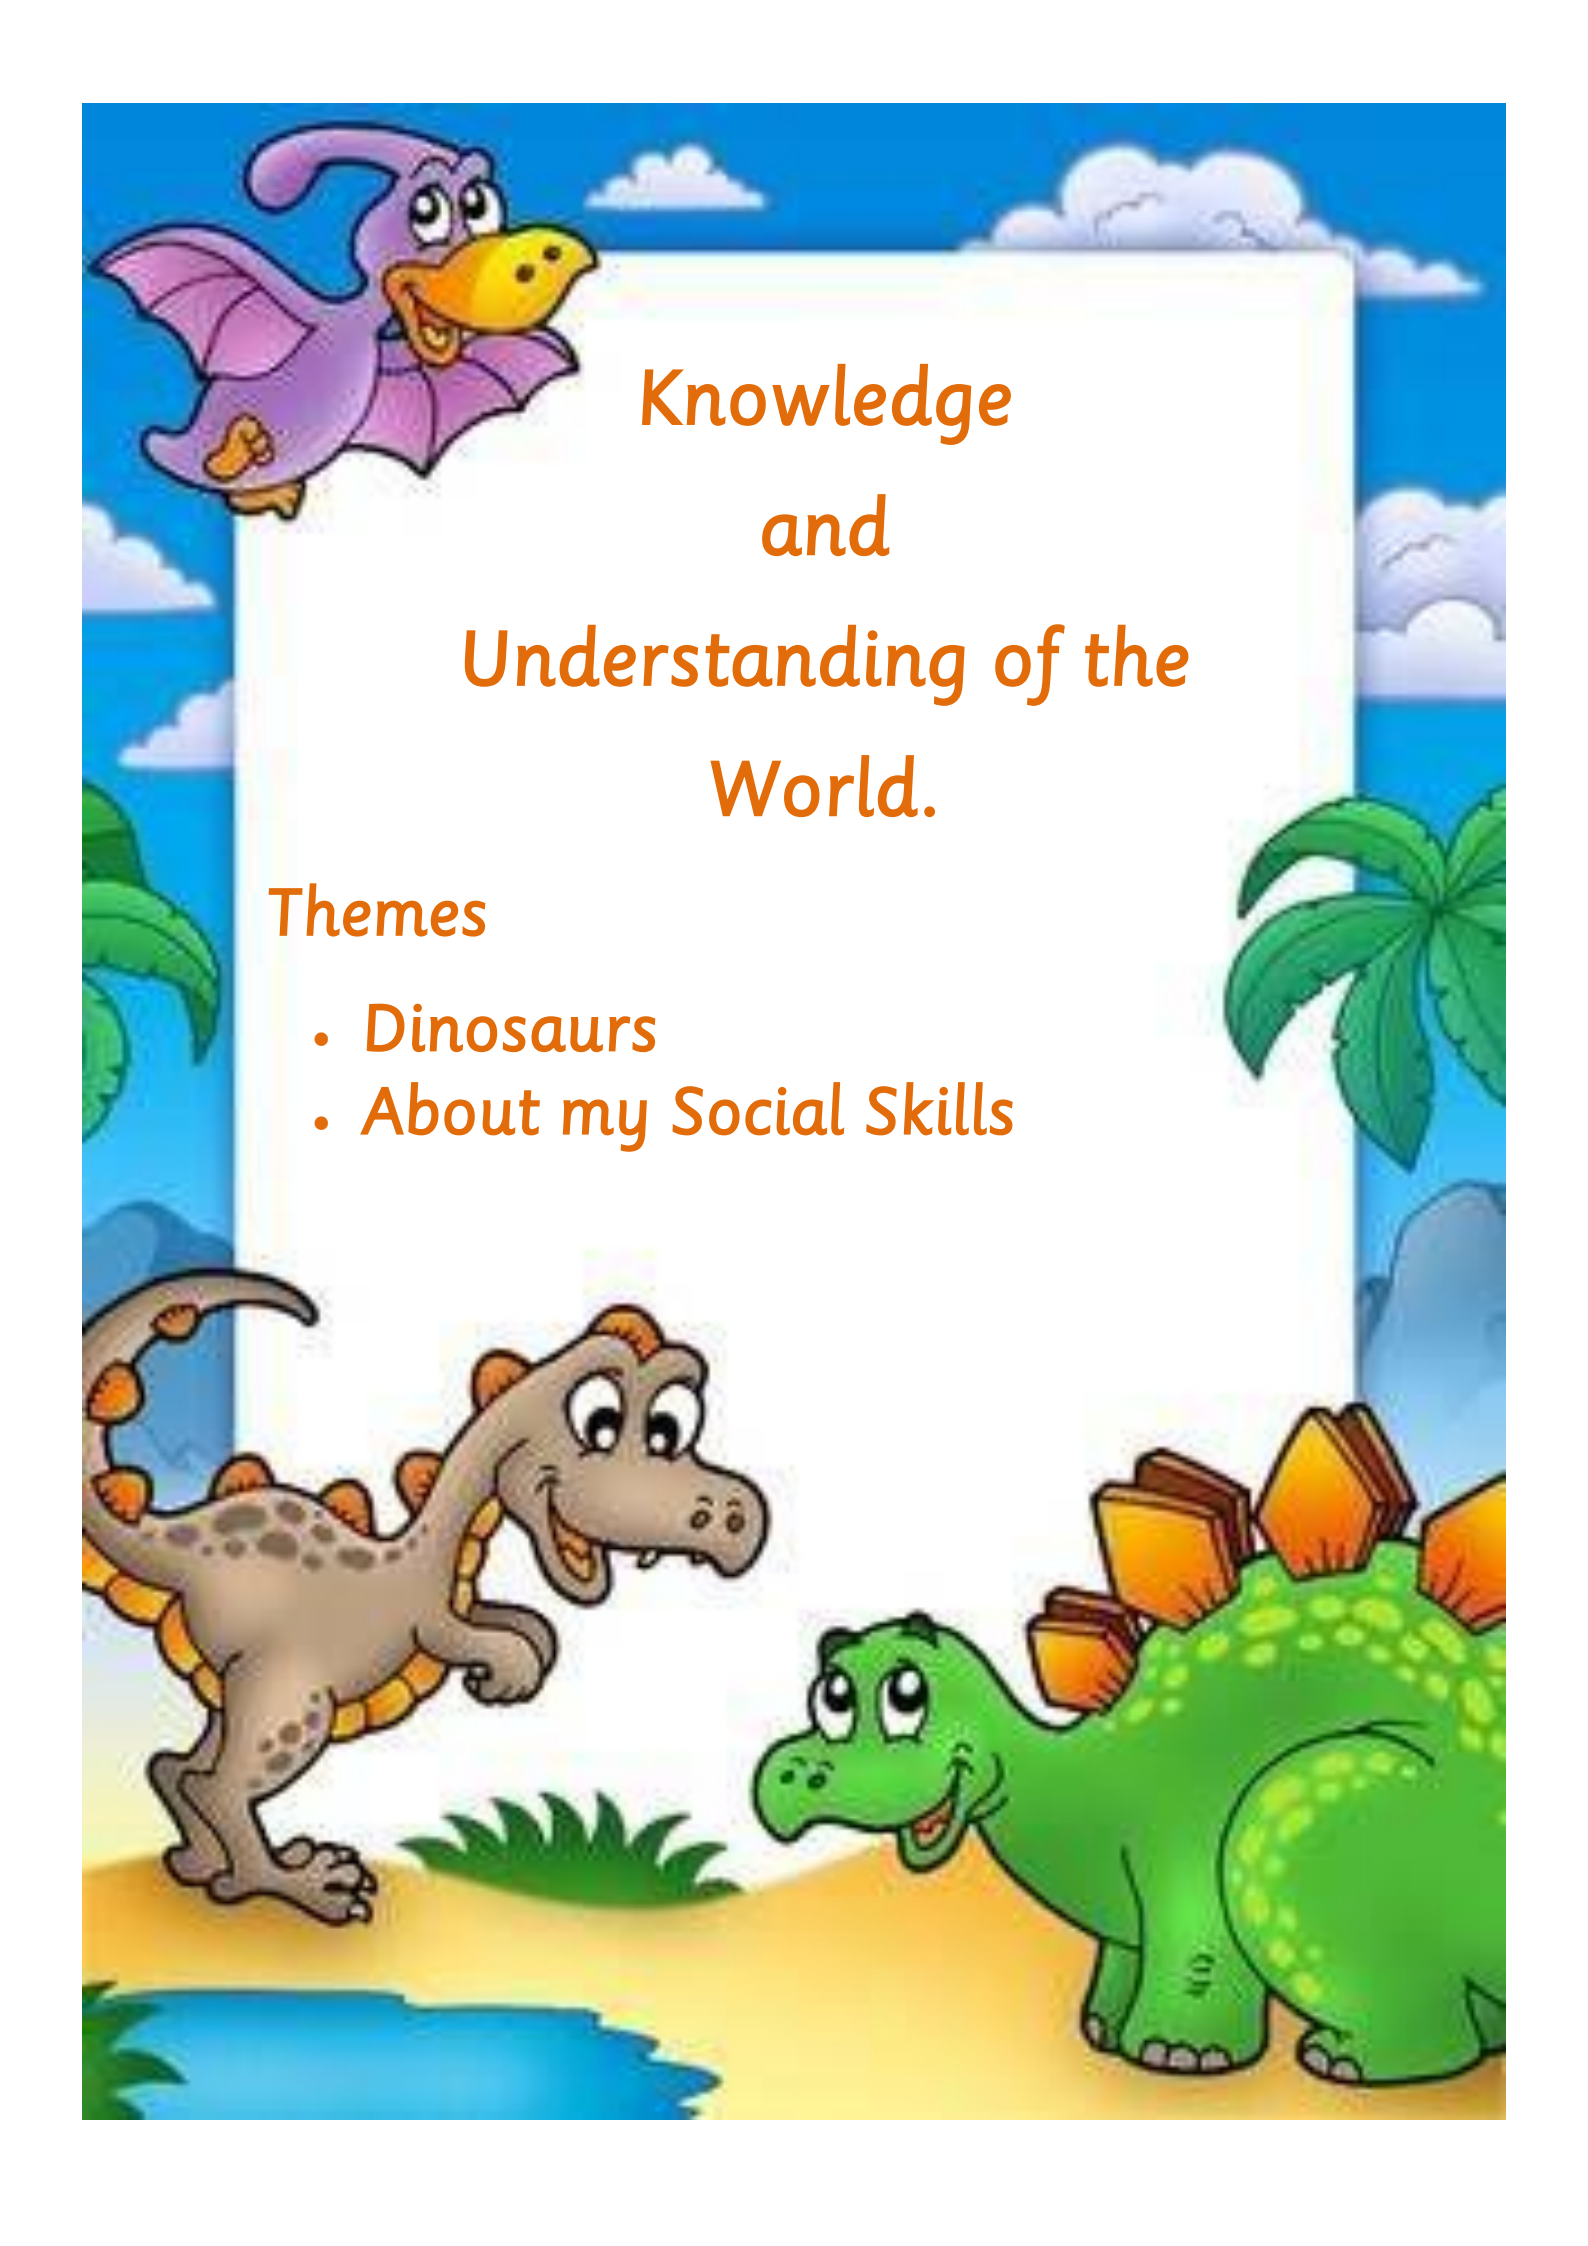

Here are a few tips to make the holiday homework time more successful:

- Establish a routine and set a time for your child to do homework.
- Limit distractions, reduce unnecessary noise, turn off the T.V and avoid phone calls.
- Read and discuss the instructions for each task with your child and demonstrate what to do.
- Supervision of work will further enhance the child's learning.
- Always give plenty of praise and encouragement.

We are aware that in the present scenario, it may be difficult for parents to print the homework, therefore, we are sharing some useful guidelines to work with your child and make their learning journey more meaningful during this time.

- Explore and use the vast range of web links given for each subject in the homework booklet. These include links to instructional videos, songs, interactive games and much more.
- The child may be engaged orally using the online pages from the homework booklet. His/Her verbal responses should be encouraged to maximise learning of the various concepts such as letters, sounds, numbers, reading etc. In this case pages meant for independent writing practice may be exempted which have been added as optional links as part of the homework.
- 'Talk About Cards' have been included as part of the holiday homework which focus on inculcating good manners and in building your child's social, observational and overall language skills.
- Reading books to your child followed by him/her retelling the story will develop their vocabulary and overall language skills. Encourage your child to explore and read books during this time!
- Reception students may use blank loose sheets or a separate notepad to attempt the tasks given in the holiday homework booklet.

Stay safe and happy learning!

Story

How Do Dinosaurs Say Goodnight? By Jane Yolen

Online Link: https://www.youtube.com/watch?v=ehd2rwG_0Cs

About the book:

Filled with wonderful detail and humour, children will love the expressions and antics of the eleven different dinosaur children depicted here, and each species is spelled out somewhere in the young dinosaur's bedroom. In the end, young dinosaurs behave a lot like people do: They give a big kiss, turn out the light, tuck in their tails, and whisper "good night."
